

Muller Technology is the first globally acting industry and technology leader in product development, automation technology and tool making for thin-wall plastic packaging.

We are searching for our site in Fort Collins, CO, USA:

Accu-rite Machinist

We are looking for a motivated Accu-Rite Machinist to operate a Bridgeport Mill Machine and accurate measurements. A great machinist needs to possess manual dexterity and an eye for detail. They must have knowledge of mathematics and mechanics as well as respect for safety precautions. The goal is to ensure effective production operations and optimize procedures.

Responsibilities:

- Review samples, drawings, or instructions to understand specifications of output
- Setup and operate Bridgeport Milling Machine with Accu-Rite Controller
- Plan the sequence of necessary actions for the completion of a job
- Take measurements and mark material for cutting or shaping
- Determine and program size of batches, speed of machine etc.
- Monitor machine while working to adjust the feed, maintain temperature and identify issues
- Check output to ensure consistency with specifications and discard defects
- Perform routine machine maintenance and repair minor damages
- Modify existing parts as required in support of Assembly Team

Requirements:

- Proven experience as machinist
- Experience in using and/or programming Bridgeport Mill with accu-rite controller

- Ability to use precision tools (e.g., calipers) to take accurate measurements
- Knowledge of the properties of metal and other material
- Ability to read blueprints and manuals
- Good at math with analytical abilities
- Physical stamina and strength to lift heavy items
- High school diploma or equivalent; completion of vocational training or an apprenticeship will be an asset
- Ability to work overtime as business needs

What can we offer you?

- Competitive compensation
- Generous time off to balance work/life
- Comprehensive benefits package
- Continuing education opportunities
- Location in Fort Collins, CO offers an abundance of activities and entertainment
- A team culture willing to improve processes, work toward a common goal and support one another
