

Swiss-based Muller Technology is a global leader in injection mold making, robotics, and automation technology to produce thin-wall plastic packaging used in the food, medical, and other industries.

We are searching for our site in Fort Collins, CO, USA:

Field Service Engineer

We are looking for a qualified candidate to join our amazing team at Muller Technology as a Field Service Engineer. This position will be responsible for the supervision and installation of automated robotic systems, retrofits, and customer relations. The ideal candidate will coordinate installation activities including training and scheduling with VP of Customer Support. Will also be responsible for routinely visiting customer sites to improve customer relations, monitor company's system operation, and gather information.

Reporting to: Vice President of Customer Support

Location: Fort Collins, CO 80525

Terms: Permanent Full Time

Salary: \$65,000 - \$75,000 Annually (D.O.E.)

Responsibilities:

- Install all systems that are delivered to customer site. This may be done individually or as a member of a team.
- Perform warranty and non-warranty work as assigned.
- Training of customer's plant personnel.
- Visit customer base on a regular routine to improve customer relations.
- Report daily field activities performed at customer site.
- Completion of all paperwork including, but not limited to, travel expenses, service work orders and trip reports.
- Other duties as assigned in support of the Service Department.
- Work in Final Test and R&D Departments when in house.

Requirements:

- Excellent training and communication skills.
- Ability to interpret Electrical and Mechanical Schematics.

- Excellent troubleshooting skills with electrical and mechanical systems.
- Experience working with HMIs and PLCs at a user level is beneficial.
- Excellent computer skills.
- Excellent time management.
- Good quality awareness.
- Good driving record.
- Ability to travel globally.

Physical Requirements:

- Will spend 80 – 90% traveling and working at customer sites.
- Will work 10 – 20% of time in Fort Collins.
- Please consider if this type of work will fit with your lifestyle.
- Stand up to 10 – 12 hours a day.
- Lift up to 50 lbs.
- Good manual dexterity.
- Ability to accurately read complex drawings

What can we offer you?

- Generous time off to balance work/life
- Comprehensive benefits package
- Potential to travel to Switzerland
- Continuing education opportunities
- A team culture willing to improve processes, work toward a common goal and support one another
